

FACULTY SENATE RESOLUTION 85-10

WHEREAS in the table of organization prepared pursuant to the Faculty Senate's approval of the 39-hour general education component (December 5, 1985) there was included a Pre-Baccalaureate Committee (PBC); and

WHEREAS the original purpose of the PBC was to allow and encourage faculty input into decisions made by the University Commission on General Education (UCGED); and

WHEREAS the UCGED was brought under the jurisdiction of the Faculty Senate and the Office of Academic Affairs in May, 1986, with the express intention of giving the Senate direct opportunities to participate in the making of major decisions regarding the nature of the general education component; and

WHEREAS the function of the PBC has therefore been superseded by the present arrangement;

THEREFORE, BE IT RESOLVED that the PBC be dissolved, and reference to it be dropped from any tables of organization that are intended to represent the process whereby the general education component will be implemented.

ADOPTED: July 23, 1986
