

FACULTY SENATE RESOLUTION 88-20

WHEREAS the Faculty Senate Admissions, Standards, and Honors Committee has received a petition to make an exception to the rule that courses on which a student has declared "Academic Bankruptcy" be included in the average when eligibility for University Honors is considered, and

WHEREAS a previous AS&H Committee granted a similar request in 1985, and

WHEREAS a student "starting over" should be provided the same opportunities and incentives to excel as a more traditional student, and

WHEREAS the current AS&H Committee can find no reason to continue this aspect of the Academic Bankruptcy regulations;

THEREFORE BE IT RESOLVED that courses declared void under Academic Bankruptcy regulations should not be considered when eligibility for University honors is determined, and that this change be implemented immediately.

ADOPTED: May 3, 1989
